

NEWSLETTER

Greetings friends and welcome to our monthly newsletter. I hope you have been enjoying fall and the cooler temps. We're finally getting caught up since our chiller incident and we've been pushing out as many new brews as possible. We've introduced Sunny Bo IPA, Wolfgang Von Stout, Rathgar Irish Red, and Wednesday we will be releasing Citra LOVE Double IPA. These new brews all represent the hard work and dedication we're devoting to our brewery. As of now, I think you'll be seeing a few of these become house brews, with an additional 5-6 beers rotating for seasonals.

Currently in the tanks we have another batch of Post-Up Porter, Rathgar Red, Altoberfest, and also a large batch of Blonde on Blonde (Belgian Blonde). We are planning on doing a nice run of Belgian style brews including a traditional Ale and also a strong Tripel. As always, your feedback is welcome and certainly encouraged.

November also has a brand new batch of mostly specials including our specialty pizza and appetizer. This month we're featuring a Chicken Carbonara Pizza (white garlic sauce base, grilled chicken, bacon, peas, onions, parmesan, and sharp white cheddar cheese) and our appetizer of the month is Potato Skins (crispy potatoes filled with cheddar jack, bacon, and scallions with sour cream on the side)
